

Session on heavy quarkonium : introductory remarks

Quarkonium working group:

formed in 2002

CERN Yellow Report in 2004 :(361 citations)

Organizing meetings on regular basis

Quarkonium in media subgroup

Topical conveners : A. Frawley, C. Lourenco, P. Pettreczky, R. Vogt
(M. Rosatti)

Wiki page :

<https://wiki.bnl.gov/qpg/index.php/Quarkonia>

(Overviw of different approaches, summary of experimental results,
data files of different theoretical calculations, e.g. lattice to use for
practitioners, useful links

(contribution for everybody is welcome !)

International Workshop on Heavy Quarkonium

Fermilab, May 18-21, 2010
